

## SCHOOL OF BUSINESS MANAGEMENT & CORPORATE TRAINING

### Programme Title

### Short Programme in Strategic Logistics Management

#### DESCRIPTION

Logistics Management improves the efficiency of each department within a business by streamlining its operations and costs and therefore increasing its profitability. The programme in Strategic Logistics Management covers all aspects from theories to strategies and operational guidelines, emphasising the impact of this discipline on customer service, transportation, warehousing, order processing, purchasing, importing and exporting.

#### CAREER FIELDS

Learners could pursue any of the following career fields:

- *Strategic Logistic Supervisors*
- *Strategic Logistic Managers*

#### PROGRAMME OUTLINE:

The following outcomes will be achieved in this programme:

- Logistic roles in the economy and company
- Supply chain management
- Customer service
- Financial impact of inventory
- Inventory management
- Managing material flow
- The logistics-manufacturing interface
- Transportation and transportation strategies
- Computer technology and traffic management
- Warehousing
- Materials handling, computerisation and packaging
- Procurement procedures
- Global logistics strategies
- Importance of an effective logistics organisation
- Measurement and control of the performance of the logistics function
- The strategic logistics plan

#### TYPE OF PROGRAMME

- Part-time
- Damelin Short Programme\*

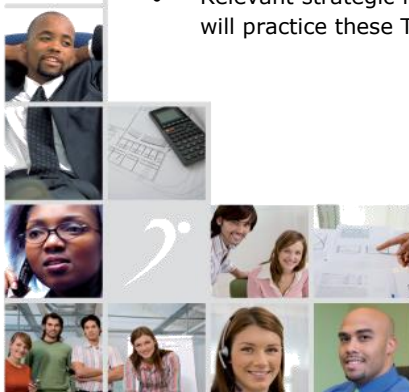

Short Programmes upgrade skills and knowledge to ensure success in a chosen field of learning, but are **not** credit bearing.

#### DURATION

The programme duration is **68** hours and the tuition is face-to-face. Each Damelin campus has a different tuition schedule. Programmes are offered during the week, in the evenings, or on Saturdays.

#### ADMISSION REQUIREMENTS

- Learners are required to have knowledge, comprehension and application of English and Mathematics at Grade 12 or equivalent
- Relevant strategic logistics management experience would be an advantage i.e. in an occupation in which they will practice these Transport, Operations and Logistics competences.
